

DIPLOMATIC MS – DAIKIN GROUP ON SHOW AT SPS PARMA 2023, ITALY

At SPS, the trade fair for the digital and sustainable industry to be held in Parma, Italy, from 23 to 25 May 2023 (stand F043 - hall 5), Diplomatic MS, which designs and manufactures motion control solutions for industrial applications and mobile operating machines, will present the new hybrid systems with inverter technology and the range of electric cylinders, featuring IO-Link protocol, of the Mechatronics Business Unit, IO-Link Competence Center in Italy.

Parabiago (Milan), Italy, May 5th 2023 - Diplomatic MS, part of the Daikin Group, will be exhibiting at SPS 2023, the industrial automation fair to be held from 23 to 25 May 2023 (stand F043 - hall 5) at Fiere di Parma, Italy, the linear motion solutions developed by the Mechatronics Business Unit and the inverter-controlled hybrid systems, according to the approach to sustainability in line with the Daikin Group's product development vision, which Diplomatic MS joined in July 2022. The synergy between the experience in the industrial sector of Diplomatic MS and Daikin inverter technologies today represents a solid match, available for companies that choose sustainability as a key factor for growth and development.

On the stand in Parma will be in action the electric actuators of the Mechatronics Business Unit for industrial automation, material handling, packaging, and electromechanical actuators applications for applications where high values of strength and rigidity are required.

Diplomatic MS will be exhibiting at the stand:

- **Daikin hybrid systems**, such as ECORICH and SUPER UNITS: hybrid hydraulic power units, designed by combining hydraulic technology with an internal permanent magnet IPM motor. The result is a compact power unit that achieves high torque and maximum efficiency by eliminating heat and noise generation.
- **Diplomatic MS products**: GPA gear pumps and electric cylinders with IO-Link protocol. Two demo benches featuring ECO3 and ECF3 electric cylinders will be operating on the stand.
- **Hydreco Hydraulics gearboxes**, RD series, for industrial applications.

For journalists and visitors, it is possible to book a meeting at the stand with our team to learn more about the Diplomatic MS offer.

Diplomatic MS Spa, a company of the Daikin group – Headquarters in Parabiago (Milan), 162 million euros in turnover and over 650 employees at 31.12.2022 – designs and manufactures hydraulic and electromechanical components and systems for motion control in multiple application sectors. The Group is present on the market through the following brands: Diplomatic Motion Solutions for industrial applications, Hydreco Hydraulics for mobile applications, Continental Hydraulics for North America and Till Hydraulik for the German market. The Group has production plants in the USA, Japan, China, India, Australia, Italy, Germany, Great Britain and sales offices worldwide. www.diploomaticmotionsolutions.com
